

IN THE SPECIFICATION

Cancel the revision made to paragraph 146 via the Amendment submitted 11 June 2004 and, in place of that revision, amend paragraph 146 as follows:

[0146] Components 150, 152, 154, 160, 162, 164, 166, 168, 170, 172, 174, 176, and 178 in the p-channel varactor of Fig. 10 are respectively configured the same as components 100, 102, 104, 110, 112, 114, 116, 118, 120, 122, 124, 126, and 128 in the n-channel varactor of Fig. 8. Likewise, inversion layer 180 forms at the same relative location in the varactor of Fig. 10 as does inversion layer 130 in the varactor of Fig. 8.
